## 1st Day

15.00

14.30: Registration

### Greetings and introduction

F. M. Di Matteo, B. Colombo, D. Tartaglino

1st Session:

President: C. Rivara

Moderators:

D. Tartaglino, P. Burga, B. Casini

15.15

### Incidence and prevalence of infections in Digestive Endoscopy

M. Moro - Italy

15.45

### Italian legislation

F. Toresani - Italy

16.15

### Reprocessing: current indications and position statements

M. de Pater - The Netherlands

16.45

### Post-reprocessing control: an essential step

M. Horgnies - France

17.15

Questions and Discussion

## 2nd Day

08.30

1° Session:

President: R. Coppola

Moderators:

F. M. Di Matteo, R. Conigliaro, A. Guarini

### Approaches to improve the recovery of sampling methods applied in post-reprocessing microbiological surveillance

B. Casini - Italy

09.00

### Microbiological surveillance: the experience in UCBM

S. Angeletti - Italy

09.30

### UCBM sampling technique

B. Colombo - Italy

10.00

### Connection from UCBM Endoscopy Reprocessing room: Endoscope sampling technique

10.30

Coffee break

2° Session:

President: R. Conigliaro

Moderators:

G. Iori, F. M. Di Matteo, C. Rivara

11.00

### Steps of a good reprocessing: the importance of the manual phase

A. Guarini - Italy

11.30

### Connection from UCBM Endoscopy Reprocessing room:

Stages of manual cleaning

Disinfections phase

(Disinfectants and machines)

Storage phase

12.15

### Accessories for infection prevention

A. Dhillon - United Kingdom

12.45

### Damage prevention under hygiene aspects

D. Schröder - Germany

13.15

Discussion - Closing remarks

14.00/  
15.30

### Practical session in the Reprocessing room
